

Always Better®

Water Resistant

Lightweight

MOLLE Compatible

The Lightweight MOLLEminus Belt is a revolutionary approach to the modern battle belt – able to act as a low profile pistol belt or a full capacity MOLLE belt kit all with a 3500+ load rating. It starts with an inner belt that is reversible to be pattern matched and can be worn as a standalone pistol belt. The outer belt is fully MOLLE compatible with MOLLEminus™ technology using laser cut slots instead of traditional sewn webbing. The outer belt securely attaches to the inner belt with a hook and loop interface and a load rated COBRA™ buckle. Two external tether points – one on the front and one on the rear – allow the user to clip into a safety line when needed. When not in use, these tie-off points may lie flat so that the slots beneath can be utilized for additional pouch attachment. The Lightweight MOLLEminus Belt is cut on a bias (imagine your well worn leather belt) for maximum comfort and to eliminate unnatural ‘ride up’ that occurs with a flat style “war belt.”

### HOW TO GET YOUR CORRECT BELT SIZE

Measure around your waist where you would normally wear your battle belt. Please remember that your belt size is based on a true measurement of your waistline and not on pant size (pant sizes can fluctuate per manufacturer).

**For a more accurate measurement,** use string or similar material to trace the circumference of your waistline then measure the length of that string with a ruler or measuring tape.

| Measured Waist Size (inches) | Recommended Belt Size (inches) |
|------------------------------|--------------------------------|
| 30 1/4" - 32 1/4"            | 30                             |
| 32 1/2" - 34 1/2"            | 32                             |
| 34 3/4" - 36 3/4"            | 34                             |
| 37" - 39"                    | 36                             |
| 39 1/4" - 41 1/4"            | 38                             |
| 41 1/2" - 43 1/2"            | 40                             |
| 43 3/4" - 45 3/4"            | 42                             |
| 46" - 48"                    | 44                             |
