

Terms & Conditions for Consumer Priority Service (CPS) Extended Warranties

Available option for products purchased from www.OpticsPlanet.com

PRODUCT ELIGIBILITY, COVERAGE AND TERMS: This Plan covers all mechanical and electrical defects and accidental damage (see what is covered). Coverage under this Plan will begin 30 days after the date of purchase of the covered product. This Plan will provide labor and the replacement parts necessary to maintain your covered product in good operating condition. If service is needed because of a failure on a covered product during normal usage, **Consumer Priority Service (CPS)** has the option to repair or replace the defective product with a product of concurrent type and caliber. This may be new or renewed. A replacement component may be new or renewed of concurrent type and caliber and may cost less than the original product purchased. We will not charge you or refund you on the replacement product cost difference. Comprehensible and/or technological advances may result in a replacement product with a lower market price than the original product. The most we will pay on any single repair or replacement is the price you paid for the product. You may be required to ship or deliver the defective product prior to receiving a replacement product. If we replace the product, our maximum liability will have been met under this contract and there will no longer be coverage under the terms of this contract. Replacement products will include a warranty and the retailer has the option to offer an additional extended service contract on the replaced product. If the product is not repairable and a replacement product is not found within a reasonable amount of time, we will refund you the product's current market value price. You may be required to ship or deliver the defective product prior to receiving reimbursement. In the event we refund you on a defective product our maximum liability will have been met and there will no longer be coverage under the terms of this contract.

If your product needs service for a mechanical or electrical defect, log on to www.cpscentral.com or call (800) 905-0443 in order to obtain a Claim Authorization Number prior to having repairs performed. For faster service, please have your dated proof of product purchase (sales receipt) available when you place the call. Please note a covered repair cannot be performed prior to having a claim authorization number. Do not return the product to your retailer unless instructed to do so. When you receive a claim authorization number, your claims representative will direct you to a designated service center. Please note, your dated proof of product purchase (sales receipt) and your extended service Member ID Number will be needed at time of service. You may take your product in person or ship it (postage pre-paid and insured) to a designated manufacturer authorized Service Facility and/or a **CPS** Service Facility.

Registrations of your service plan must be received within 30 days of product purchase to validate this plan, and ensure coverage. To register this plan, log on to www.cpscentral.com or call (800) 905-0443. A copy of your proof of product purchase (sales receipt) and your Member ID Number is required at time of service. **CPS** cannot register your product for this Plan if you do not complete the registration process. **CPS** reserves the right to reject any registration and will refund the purchase price of this plan.
