GASKET INSERT

Protects against wind, dust
and other airborne debris

PRODUCT DESCRIPTION

The ESS Crossbow® Gasket, airflow management for your Crossbow® Eyeshield. The Gasket fits snugly against the wearer's face to create a full seal to protect against wind, dust and other airborne debris. The Gasket insert is easy to install and features two modes: Closed - fully sealed and Open - ventilation mode.

Optimize your efficiency by not having to change between goggles and eyeshields, insert the Gasket onto your Crossbows when you need protection from wind and airborne debris, remove it when you do not.

The ESS Crossbow® Gasket is compatible only with the ESS Crossbow® & Crossbow® Suppressor Eyeshields, sold separately.

BALLISTIC PROTECTION STANDARDS

ESS Crossbow® Gasket when paired with the ESS Crossbow® Eyeshield meets or exceeds the following Safety & Ballistic Standards:

- ANSI Z87.1-2015
- US MIL SPEC MIL-PRF-32432
- US FEDERAL OSHA
- CE EN166
- 100% UVA/UVB

U.S. NAVY APPROVED FOR USE BY ROTARY WING AIRCREW.
