

# LEUPOLD

**NEW**

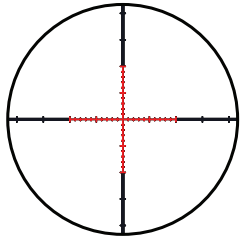

## VX-6HD PRODUCT FAMILY

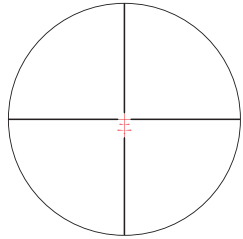

The VX-6HD is taking optical performance to a whole new level. We gave it a High-Definition optical system for sharp clarity, and the Twilight Max™ Light Management System for even greater low-light performance, giving hunters a visible advantage at dawn and dusk when game is on the move. The new CDS-ZL2 (Custom Dial System ZeroLock 2) elevation and ZeroLock windage dial lock in place so they cannot be inadvertently rotated off their zero. A mere press of the button, which also acts as a revolution indicator, will allow the user to dial up two turns of elevation, if necessary. To make scope mounting even easier, we added an in-scope Electronic Reticle Level indicator for precise leveling, and a throw lever for fast magnification changes, right or left handed. All VX-6HD scopes include illuminated reticles with an easy to use 1 button intensity adjustment, Guard-ion lens coatings that shed water, dirt, and fingerprints, a Throw Lever and Alumina Flip-Back Lens Covers. All VX-6HD CDS-ZL2 riflescopes include one free Custom Ballistic Dial with purchase.
