Truck Seat Organizer: Installation Instructions

The Mud River **Truck Seat Organizer** quickly attaches to the seat of your truck or SUV and will keep all of your hunting and training accessories at your fingertips.

Truck Seat Organizer Installation Instructions:

1. Locate and assemble bungee rod, insert rod into hook and loop slot located on the backside of the organizer (behind upper storage pockets). See **Diagram A**
2. Attach removeable gun case to the bottom of the organizer. See **Diagram B**
3. Attach and adjust organizer straps around vehicle headrest. Depending on your vehicle you may secure the organizer behind the front seats, 2nd row or 3rd row seating.
4. Secure bottom of organizer to seat frame with two provided bungees, to avoid movement during transit.
