

Uncle Mike's offers unmatched holster fit and selection

When Uncle Mike's® pioneered the use of nylon in holsters over 20 years ago, no one could have foreseen how much the invention would change the industry. Today's hunters, law enforcement agencies and the military rely on nylon holsters to stand up to the rigors of everyday carry.

Sidekick Hip Holsters are available in black and selected sizes are available in **Realtree Hardwoods® HD™** Camo (shown at left)

Trusty Sidekick holsters are versatile beyond compare

Sidekick® Hip Holsters

- **Waterproof**—Carry them anywhere, while hunting in the rain or shooting at the range.
- **An Excellent Fit**—Your gun is carried tightly because the holster molds to the shape of your gun, yet returns to its original shape once the gun is removed.
- **Wear Comfortably**—Medium high ride design can be worn on a holster belt up to 2¼" wide or on a standard trouser belt.

Our ambidextrous holsters fit everyone and almost every need

Sidekick Ambidextrous Hip Holsters

Fully ambidextrous holster easily converts from right to left-handed.

- **Two holsters in one**—Wear as a belt holster (fits belts up to 2 1/4" wide) or an inside-pant holster, just by reversing the belt clip.
- **Secure**—Non-stretch Velcro® retention strap and molded thumb break keep your firearm secure. Holster includes a Strap Trap™ adjustment tool.
- **Durable**—Constructed of our patented Sidekick laminate of Cordura® nylon. Padded, waterproof interior holds the firearm snugly. Spring steel belt clip is powder coated for rust and corrosion resistance.

Uncle Mike's Holsters are tailored to your needs

A super comfortable, secure way to carry in the field

Sidekick® Vertical Shoulder Holsters

If you're looking for comfort and ease in firearm carry, you'll find it in our vertical shoulder holsters:

- **Freedom of movement**—Onside self-adjusting belt loop keeps holster close to your side. Fully adjustable shoulder harness has a self-centering backpiece and its 2 1/2" wide nylon web straps distribute weight. Fits up to 48" chest.
- **Choose how you carry**—Offside tie-down anchors harness to belt and lets you carry speedloader or magazine case vertically or horizontally. Can be worn inside or outside your jacket.
- **Secure**—Retention strap with combination adjustable buckle and snap keeps firearm in place.
- **Scoped Holsters Available** — Choose Black or Realtree Hardwoods® HD™ Camo. Left hand holsters available only in Black.

Your solution for everyday carry

Cross-Harness Horizontal Shoulder Holsters

- **Perfect fit and comfort**—4-way adjustment assures a great fit. Tough, smooth nylon prevents under arm chafing. Waterproof foam padding won't absorb body moisture. Smooth nylon allows easy drawing and reholstering.
- **Add accessories**—Carry up to two, vertically or horizontally.
- **Ambidextrous**—Just reverse the thumb break and retention strap to change from right to left.
- **Completely secure**—Removable inside tiedowns anchor holster to belt. Strap Traps™ cover both thumb break and retention strap Velcro® so straps cannot be lost.

Pro-Pak Holsters and the art of concealment

Your personal carry and drawing style are accommodated

For everyday wear, Uncle Mike's® Pro-Pak® holsters are unbeatable. Developed for simplicity and wearability, our Pro-Pak holsters weigh just ounces, but are engineered to hold up to the stresses of everyday gun carrying and are ergonomically designed for comfort.

Pro-Pak holsters lay flat against your body, making them an excellent choice for use under jackets. Constructed of an extra-thin

laminate with a Cordura® nylon outer shell, the Pro-Pak doesn't print, thanks to a smooth nylon lining that protects your firearm's finish and aids in drawing and reholstering.

Developed for professional detectives, Pro-Pak holsters are now widely used by people outside of law enforcement because they fit the bill for durability and ease-of-wear.

Pro-Pak Horizontal Shoulder Holsters

- Horizontal carry for a fast draw and lightweight comfort.
- Offside tie-down has single mag case for autos or single speedloader case for revolvers.
- Weight: (Size 15) 6.3 oz.

Most popular of the three Pro-Pak models

Our most customized-carry holster

Paddle Holsters

- Paddle adjusts for vertical, butt-forward or muzzle-forward (cross draw) carry.
- Molded offset spacer adjusts holster height to accommodate various body types, torso lengths, gun butt configurations and modes of dress.
- Paddle made of semi-rigid material that conforms to hip for comfort & concealability.
- Offset spacer and vertical adjustability make this a great holster for women.
- Thin Cordura laminate reduces bulk.
- Holster completely encloses triggerguard and features a non-stretch retention strap and molded thumb break.
- Offset spacer keeps gun off of hip structure and parallel to centerline of body.

Hi-Lo Adjustment—offset spacer lets you adjust height of paddle to fit body contours for best concealment

Great value and full features make this holster a winner

Hip Holsters with Thumb Break

We thought of everything in this Cordura nylon holster, including features not found in more expensive holsters:

- A great choice for officers on inside duty, security officers and institutional personnel.
- Can be used on a duty or dress belt, thanks to a dual-slot belt loop.
- Patented laminate construction makes holster waterproof and protective. There's even a sight track for protecting the front sight.
- Molded thumb break and non-stretch retention strap assure safety.
- Strap Trap™ Technology included.

Strap Trap™ innovation assures adjustability and staying power

Many Uncle Mike's nylon holsters, including Pro-Pak and Paddle Holsters, benefit from our Strap Trap technology, which keeps thumb breaks and straps from stripping away. This exclusive technology not only assures your adjustment will stay put, it also helps prevent chafing that can occur without such technology. All holsters with Strap Trap include a tool to make adjustment quick and easy.

Uncle Mike's makes Kydex affordable!

If you've always wanted the detailing and durability of true Kydex®, but thought you couldn't afford it, think Uncle Mike's®. Instead of using the standard process of taking sheets of Kydex and hand-molding them around a form, we injection-mold our Kydex to create custom-fit holsters with precision measurements at a price that's as affordable as any other holster!

Customizable, durable and the best holsters you'll ever own

Kydex Paddle Holster

Customer demand drove us to introduce this holster. It's been a winner because it can do so much. We designed our paddle holster to carry well—it's soft and pliable against the hip and the venting aids air circulation to minimize perspiration. Plus it's adjustable for rake and height, so you can tailor the gun position to better match your torso height and body type.

- Drawing is easier because the body's lead edge is cut down.
- An excellent choice for both men and women.

Kydex Belt Holster

Designed to ride close to the body at a mid-level height, this holster is an excellent choice for IDPA.

- Nearly vertical rake allows for conventional behind-the-hip carry. Can be used as an appendix carry.
- Cut-down lead edge aids in presentation of firearm.
- Fits belts up to 1 3/4".

Inside-the-Pant holsters are offered in 2 styles; Open Style as shown here, or with Fold-Over Velcro® retention strap

Suede-like exterior helps anchor holster inside pants or skirt

Belt clip slips over pant top & belt to hold gun securely and anchor gun for positive draw

Our Law Enforcement background helps us offer superior concealed carry options

Uncle Mike's® knows concealed carry. After working for decades with law enforcement agencies and understanding what works for undercover officers, we've been able to develop what is arguably the best and widest selection of concealed carry holsters on the market today. From inside-the-pant to ankle to belt pouches, you're certain to find the size and carry option that works best.

The ultimate in concealment

Inside-the-pant holsters

- Unique, ultra-thin four-layer laminate no thicker than conventional suede leather holsters.
- Internal moisture barrier won't transmit perspiration to gun.
- Smooth nylon lining for easy draw.

Fold-over Velcro retention strap releases quickly with thumb and meets requirements of many jurisdictions

Excellent protection for gun and clothing

Inside-the-Pocket Holsters

- Laminated construction lessens print-through recognition, cushions the wearer's leg from sharp contours of the firearm, and provides a barrier against perspiration.
- Open-top holster provides grip-up positioning and prevents the movement of levers, buttons or catches that are common to loose pocket carry.
- Non-slip material band surrounds holster body to retain holster in pocket when gun is drawn.

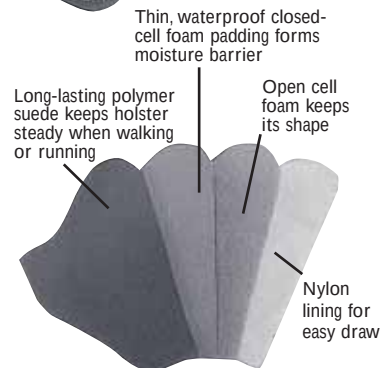

Gun rides upright for a clean draw and is protected from lint and debris inside pocket

SIZE R/L	ITEM NO.	FIT INFORMATION

Holsters Constructed With Unique Four-Layer Laminate

Inside-the-Pant
Inside-the-Pocket
Belly Band/
Body Armor

Thin, waterproof closed-cell foam padding forms moisture barrier

Long-lasting polymer suede keeps holster steady when walking or running

Open cell foam keeps its shape

Nylon lining for easy draw

One-way Velcro® solidly holds our retention straps

Non-stretch retention straps and molded thumb breaks—available on most Uncle Mike's Law Enforcement concealment and shoulder holsters—utilize an improved Velcro material for better performance. The molded, uni-directional teeth grab onto the loop material in just one direction, keeping your retention straps from slipping. The result is a tight, solid hold that can be easily pushed into place.

Shown with reversible Velcro overstrap

Belly Band/Body Armor Holster

- Works for everyone because holster can be worn ambidextrously.
- Velcro-covered belt loop accommodates both body armor side adjustment straps or belly band straps.
- Allows deep concealment because suede-like exterior is comfortable enough to be worn right against the skin.

Pouches and Fanny Packs offer versatility for informal concealed carry

Gun Pak™ Belt Pouch Holsters

Specifically designed for discreet handgun carry, the Uncle Mike's® Gun Pak™ utilizes an innovative hidden rear compartment that allows for a quick, smooth draw. The gun compartment is accessed first through a zippered top and then through a Velcro® closure. The unique design of the Gun Pak allows you to open the center compartment without exposing the firearm, making it an ideal choice for off-duty carry. Fits on any belt up to 2 1/4" wide.

- **Handy**—Enough room to carry sunglasses, a wallet and ID—in addition to a concealed firearm.
- **Discreet**—Black Gun Pak attracts no more attention than a conventional fanny pack.
- **Original size** is 8" w x 5 1/2" h x 1 5/8" d, and carries most small and medium frame pocket autos, compact 9mms, and small frame 2" to 3" barrel revolvers.
- **Federal size** is 8 3/4" w x 7" h x 1 5/8" d, and carries most medium and large frame autos and many medium frame short barrel revolvers.

Original #8889-1 Federal #8889-5

Reach front compartment without exposing gun in rear

Quick access to gun in rear compartment

Divided compartments, plus outside pocket

GunRunner® Fanny Pack Holsters

The GunRunner® is an unassuming Fanny Pack holster designed to accommodate all basic firearm sizes. Like the Gun Pak, its lack of an internal holster allows a quick, smooth draw and, more importantly, a one-handed return.

- Generic-appearing black belt pack has 3 zippered compartments.
- Reholster with one hand to secure gun and wipe Velcro shut—all without taking your eyes off surroundings.
- All-Velcro back panel and a 12" strap included to position and secure firearm.
- Tough, 1 1/2" wide adjustable nylon web belt with quick-release buckle.
- **Small size** is 11 1/2" x 5 3/4". Holster compartment fits small frame 2" barrel revolvers, most .380 autos and some sub compact 9mm or .40 autos. **Medium size** is 12 1/2" x 6 1/8". Holster compartment fits compact 9mm, .40 and .45 autos, 2" - 3" barrel medium revolvers and most full size service pistols.
- **Large size** is 12 1/2" x 7". Holster compartment fits larger autos and 4" barrel revolvers.

Small #8872-1 Medium #8873-1 Large #8874-1

Velcro belt loop on rear secures GunRunner to belt if desired

Briefcase's hidden holster allows for concealed carry

Briefcase with hidden holster

This is the perfect commuter briefcase because it gives you unsurpassed security. Although it looks like an ordinary briefcase, this Uncle Mike's model is completely different because it gives you ready access to a hidden holster built right into the interior.

- Internal holster can be adjusted for most handguns and can be positioned to facilitate most drawing techniques.
- Firearm is easily reached, even with flap secured and the rear compartment closed.
- Conventional in appearance, this expandable briefcase has a multi-use front panel for pens, keys, etc. plus pockets that are large enough for conventional writing tablets. A full-flap cover that secures with two quick-release buckles keeps all interior contents secure.

#5255-1

Draw your gun directly through the Velcro®-sealed opening at the front of the bag

More choices for concealment... belt holsters that really stand up!

Super Belt Slide Holsters

Optimum for concealed carry because of the flattened profile. Plus, the medium-high-rise design positions firearm for a smooth draw. 3-slot design on all configurations allows for crossdraw, dual position or strong-side carry.

- Extra-thin laminate has minimal thickness and conforms to body contours for comfort and concealment.
- Thumb break and retention strap are both protected by Strap Traps™ to prevent straps from detaching and to prevent chafing. Adjustment tool included.

PRO-3® Super Belt Slide Holster

Our triple retention design makes this holster a great choice for concealed carry. Choose Cordura® or plain Mirage® finish.

Now your hammerless firearm can be retained!

HiddenHammer™

Super Belt Slide Holster

If you've had problems finding a holster that works for your gun that has a concealed, shrouded or spurless hammer, we've got the solution with our Hidden-Hammer™ Super Belt Slide holster.

- Holds 2-inch 5-shot revolvers, using an internal retention mechanism, similar to that patented on the Uncle Mike's professional PRO-3 holster.
- Internal locking device fits into revolver trigger guard. A separate, sewn-down retention strap fits positively over gun frame.

MIRAGE nylon
looks like leather
and wears like steel.
Easy to clean, it'll
look great for years.

Side Bet™ and Baby Bet™ Belt Slide Holsters

Now you have a choice for carrying very small revolvers and autos. Our Side Bet™ and Baby Bet™ carry the gun at a butt forward angle, making them ideal for strong side concealment.

- Ambidextrous design. Just reverse thumb break and retention strap to change from right to left.
- Nylon web belt loops on both sides fit belts up to 1 1/2" wide.
- Side Bet fits most autos and revolvers.
- Baby Bet fits .22 and .25 autos and very small frame .380s.

Side Bet #8690-0

Baby Bet #8690-1

Keep your ammo within reach

We know what it's like to be out in the field without enough mags or ammunition. We hate wasting valuable shooting time digging around in our range bag to find bullets, mags and cartridges. That's why Uncle Mike's® developed these belt and buttstock cases—to keep you shooting and to have everything handy when the time comes to pull the trigger.

Universal Pistol Magazine Cases

These work for most pistol magazine sizes and clip onto a dress or duty belt for instant accessibility.

- Carry either horizontally or vertically, except for the single .380 case that only carries vertically.
- Velcro® closure with a protective knit interior laminated to a closed-cell foam core and a Cordura® nylon outer shell.
- Padded cases have rounded edges that won't catch.
- Fit belts up to 2 1/4", except for undercover model that has a polymer belt clip to fit most dress belts.

Uncle Mike's is your flashlight carrying headquarters

If it lights up and you want to tote it on your belt, Uncle Mike's has a carrier for it. We offer cases for the most popular police and professional-grade flashlights, including Streamlight® Scorpion®, Strion™, and Stinger® models, and Pelican® and SureFire® models.

Light Cases

- Molded belt loop fits belts up to 2 1/4".
- Choose open or closed designs depending on flashlight design. On closed designs, a reinforced flap protects the flashlight from damage. A no-glare, no-wear snap secures the flap.
- Available in Mirage® or Cordura® nylon finishes.

Looks like a dress belt, but works like a gun belt

Reinforced Holster Belt

- Smart dress belt appearance, with the rigidity to support even the heaviest handgun.
- Laminated construction sandwiches a polymer stiffener between two layers of MIRAGE® nylon.
- Belt remains flexible and is no thicker than an average leather dress belt, yet provides a good platform for carrying a holstered gun, radio and other accessories.
- Black belt is 1 1/4" wide.

Polymer stiffener reinforces belt between two layers of MIRAGE nylon

Trust Uncle Mike's to protect your important communications tools

Radios and phones are life lines for our customers; that's why we design our radio cases and other belt cases to stand up to the rigors of field use. Whether constructed from our signature Mirage® laminate or extra tough Cordura® nylon, we've engineered strength and long life into all our communications carrying products. With Uncle Mike's you can assure your radio and phone are always there when you need them.

Laminated Radio Cases

- Padded to protect radio against the day-to-day abuse of striking the handheld against steering wheels, desktops and door frames.
- Two configurations—Swivel Belt Loop and Fixed Belt Loop.

Belt Loop Configurations

Fitted Handheld Radio Cases with Insert

- Cordura nylon outer cover with rigid polymer insert for protection.
- Ideal for bicycle, motorcycle, tactical and specialized unit applications where severe abrasion is possible.
- Fitted with a swivel belt loop, case can be detached quickly from the belt loop simply by rotating radio.

Universal Radio Case

- Available in both fixed belt loop and swivel belt loop for easy removal of case.
- Fits most police, fire and business-band radios.
- Nylon web and Velcro® construction adjusts the height, width and depth of the case to fit your specific needs.
- Excellent for agencies with mixed inventories or hard-to-fit designs.

In camp or at the range, Uncle Mike's gloves provide you with optimum protection

Leather Sport Gloves

- Full-finger style makes this an excellent hunting and shotgunning glove.
- Lightweight, yet tough, the glove is thin enough to let you feel the trigger.
- Excellent protection for hunters, outdoorsmen, backpackers, motorcycle and bike riders.
- Protects hands from cold and abrasion.
- Lycra® inserts between fingers add flexibility and create a snug fit.
- Velcro® wrist closure enhances fit and keeps air out.
- Choose Saddle Tan or Black.

Leather Shooting Gloves

- Open-finger style protects vital areas of your hands from the effects of recoil.
- Unique shock-dissipating gel insert protects the web between thumb and forefinger from impact without affecting grip. Palm is unpadded so there's no material effect on trigger reach or resulting point of aim.
- Middle finger is extended and padded to protect against sharp triggerguards and rollback effects of many revolvers.
- Snug fit, thanks to a Velcro wrist closure.
- Choose Saddle Tan or Black outer shell with flexible black Lycra inserts.

Neoprene Gloves

- Thin, moisture-resistant stretch fabric made of neoprene, lined with nylon inside and out, and washable.
- Lycra panels between fingers let gloves breathe and flex without bulking up.
- Synthetic leather palms give a non-slip grip on steering wheel or handle-bar.

Draw your gun directly through the Velcro®-sealed opening at the front of the bag

Briefcase's hidden holster allows for concealed carry

Briefcase with hidden holster

This is the perfect commuter briefcase because it gives you unsurpassed security. Although it looks like an ordinary briefcase, this Uncle Mike's model is completely different because it gives you ready access to a hidden holster built right into the interior.

- Internal holster can be adjusted for most handguns and can be positioned to facilitate most drawing techniques.
- Firearm is easily reached, even with flap secured and the rear compartment closed.
- Conventional in appearance, this expandable briefcase has a multi-use front panel for pens, keys, etc. plus pockets that are large enough for conventional writing tablets. A full-flap cover that secures with two quick-release buckles keeps all interior contents secure.
- Briefcase features a soft, molded carry handle and detachable shoulder strap.

#5255-1

Move gear from car to range to field with ease

Car Seat Organizer

Imagine having all your gear in one place, at your fingertips, while you're driving, and it's ready to move between the office, range or the field at a moment's notice. That's exactly what you get from this handy car seat organizer that moves from vehicle to outside without missing a beat.

- Perfect for people who share vehicles—construction companies, spouses or families.
- Sits flat against the seat to make its main compartments quickly accessible. Store notebooks, pens, even a 1-liter water bottle right in the bag. Zippered front compartment keeps items secure.
- Great quality and innovation, especially when compared to similar carryalls at twice the price!

#5256-1

If you're hauling equipment to the field or range, Uncle Mike's has the bag for you

Organization, versatility and durability describes Uncle Mike's bags and cases. Constructed of 1200 denier PVC-coated nylon fabric, you'll find that these utility bags stand up well to the rigors of everyday use. They're water-resistant, have excellent storage function and most include heavy-duty double-locking zippers for security.

Wheeled Duffel Bag

If you're going into the field for an extended time, you'll need a bag with this much carry room. And, because it's on wheels, you won't be straining your back to get all your gear there.

- Huge center compartment and padded top-end compartment.
- Two full-length zippered side compartments—one is conveniently divided in half, the other offers general storage and two lockable, zippered storage compartments.
- Radiused urethane wheels provide easy transport, even with the heaviest loads.
- Polymer "pull" handle with metal legs collapses completely into molded recess for travel.

#5245-1

Dimensions: Center compartment: 13 1/2" high x 27 1/2" long and 14" wide (343 x 699 x 356mm). Top-end compartment is 13 1/2" high x 2" deep x 13 1/2" wide (343 x 51 x 343mm).

Deluxe Range Bag

This workhorse is THE bag you want for the range. Durable, with storage galore, you'll be able to load this bag with everything you need for a day of shooting.

- **Easy entry**—A roll-up double-zippered flap with hook-and-loop fastener secures the main compartment.
- **Easy carry**—Over-the-shoulder strap with quick-release buckles and two web-constructed carry handles make this bag easy to tote.
- **Secure**—A padded pistol rug is included and fits in one of two lockable side compartments. The other compartment is thickly padded.

#5241-1

Dimensions: Main compartment is 15" wide x 9" high x 7" deep (381 x 229 x 178 mm).

Tactical bags hold up to rugged use

Tactical Equipment Bag

This nearly 3 cubic foot carry bag holds up to constant abuse and rugged conditions.

- Holds boots, helmets, vests, fatigues and other tactical gear.
- Tough web wrap-around handles make transport easy.
- Oversized zippers have lockable double pulls on all compartments for complete security.

Black #5249-1

Ranger Green #5249-3

Dimensions: Main compartment is 26" wide x 14" high x 10" deep (660 x 356 x 254 mm). Side pocket measures 22" wide x 13" high x 3" deep (559 x 330 x 76 mm). Dual end pockets are 9" wide x 11 1/2" high x 3" deep (229 x 292 x 76 mm).

Tactical Bag with Shoulder Straps

Use as a duffel bag or a pack. This sturdy bag can handle the rigors of tactical conditions.

- A wrap-around web carry handle and two padded, adjustable shoulder straps allows multiple carrying options.
- Special reinforced bottom panel increases abrasion resistance and water repellency.

#5249-2

Dimensions: Main compartment is 31" long x 12" high x 18" wide (787 x 305 x 457 mm). One end compartment is two-tiered with a 10" x 10 1/2" (254 x 267 mm) zippered pocket behind a 5 3/4" x 7" (146 x 178 mm) Velcro-sealed front pouch. Opposite end has a zippered pocket measuring 10 1/2" x 16 1/2" (267 x 419 mm).

Sportsmen's Equipment Bag and Wheeled Sportsmen's Equipment Bag

- Tough, black, water-resistant, bag carries and protects gear.
- Hard shell case with rigid bottom, front, back, and end panels and a heavily padded top.
- Wheeled bag has urethane wheels and a retractable, internally-stored handle.
- Large, lockable main compartment with hook-and-loop adjustable center divider storage.
- Underside of zippered top has two zippered storage compartments plus holders for pens and pencils.

- Two weatherproof, zippered outer compartments on ends.
- Oversized zippers have lockable pulls.
- Tough nylon web carry handles and shoulder strap.
- Case collapses for storage.

Sportsmen's Equipment Bag

#5247-1

Wheeled Sportsmen's Equipment Bag

#5247-2

Dimensions: Standard bag main compartment is 18 1/2" wide x 12" high x 7 1/2" deep (470 x 305 x 191 mm). Wheeled bag main compartment is 18 1/2" wide x 12" high x 9" deep (470 x 305 x 229 mm).

Room for everything you need

Field Bag

- Roomy carry bag with removable hard bottom and dual zippers.
- External pouches at both ends—one with a zippered compartment for carrying I.D.
- Large front and rear external zippered compartments; front has divider. Center and end compartments are double-layered for extra strength and protection.

#5248-1

Dimensions: Main compartment is 20 1/2" long x 10" wide x 12" high (645 x 254 x 305 mm). Front/Rear is 20 1/2" wide x 9" high x 3" thick (645 x 229 x 76 mm). Ends are 10" wide x 12" high x 3" thick (254 x 305 x 76 mm).

Compact Duffel Bag

- Wrap-around 1 1/2" web carry handles.
- Oversized zippers have lockable pulls for security.
- Clear plastic card pocket holds I.D.

#5244-1

Dimensions: 26" long x 12" diameter (660 x 305 mm).

Complete protection for your valuable firearms

Riflemen and hunters turn to Uncle Mike's® gun cases when they want great value. That's because seasoned shooters know Uncle Mike's offers exceptional features at a consumer-friendly price. Everyone needs at least one gun case—but with Uncle Mike's, absolute protection is completely affordable.

Features you'd expect from more expensive bags

Rifle Cases

Whether you have a scoped, unscoped or carbine rifle, Uncle Mike's has a case that fits!

- Flapped pocket holds ammo box.
- Tough, padded construction protects rifle and scope, wrap-around web handles for strength and durability.
- Smooth lining won't snag sights or checkering.
- Full-length, lockable zipper opens case flat for use as a shooting rest.
- Choose from black, green or two popular camo patterns.

Rifle Case shown in Realtree Hardwoods® Green HD™ Camo

Shotgun Case shown in Advantage® Max 4HD™ Camo

Shotgun Cases

We offer three sizes to fit most shotguns: medium fits non-scoped carbines, air rifles and police shotguns with up to 22" barrels.

- Padded case protects, while a smooth interior lining prevents snagging on bead sights.
- Flapped pocket secures to hold gloves, game calls, choke tubes, etc.
- Full-length lockable zipper opens case flat.
- Choose from black, green or two popular camo patterns.

Lockable—
All gun cases and pistol rugs have lockable zipper pulls and loops

Rectangular Pistol Cases

An easy way to tote a pistol alone or in a larger field case.

- Secures with lockable zipper pulls.
- Case opens flat for use as a shooting rest.
- Two sizes fit most handguns, scoped or unscoped.

Pistol Rugs

Uncle Mike's has rugs to fit small pistols up to large scoped firearms.

- Padded cases zip open completely to lie flat for shooting rest.
- Ideal for storing and transporting handguns.
- Secures with lockable zipper pulls.

Traditional styling and quality at an unbelievable price

Over/Under Shotgun Case

You'll be amazed at the detailing and workmanship of this bag, especially when you see its low price tag.

- Durable, weather-resistant canvas, with a snag-free zipper and leatherette accents.
- Snag-free poly-padded lining keeps your gun protected and looking newer longer.
- Case is 33 1/2" w x 10 1/2" h (851 x 267mm).

#5208-2

Over/Under Shell Bag

Keep your essentials all together with this full-featured, top quality bag.

- Inner laminate liner makes this durable bag weather-resistant.
- Three outside pockets will hold plenty of ammo and accessories.
- Case is 11" w x 10" h x 5" d (280 x 254 x 127mm).

#5242-1

Perfect for waterfowlers!

Floating Gun Case

Don't let your shotgun become a victim of a water hazard. Use this floating gun case to keep it dry!

- Water resistant. Floats with a gun weighing up to 10 lbs.
- Outer pocket holds shells and calls.

Advantage Max 4HD #5209-3

Mossy Oak Shadow Grass #5209-4

The Floating Gun Case floats to keep your firearm safe and dry! Available in Advantage® Max 4HD™ Camo (shown on gun case above) or Mossy Oak® Shadow Grass™.

Uncle Mike's pioneered the modern swivel... Demand the original!

You can always feel confident carrying a firearm supported by Uncle Mike's® World Famous Swivels. That's because our swivels have been on more hunts and had more refinements than any swivels in the industry. Uncle Mike's pioneered the modern swivel in 1947 and ever since, we've been making the strongest, most reliable swivels on the market. In fact, Uncle Mike's are the original swivels competitors try to imitate. So when you're deciding on swivels don't settle for anything less than Uncle Mike's Swivels, made in the USA! Demand the Original.

Here's why our swivels offer the best protection for your firearm

Uncle Mike's QD® Quick Detachable Swivel designs have three distinct advantages over other swivels:

1. Tri-Lock®

With Tri-Lock, your gun stays looking newer longer and assures a silent swivel operation. Our patented Tri-Lock works by keeping the metal swivel body from coming into contact with the gun itself. This reduces marring of wood stocks and further reduces noise transmissions in synthetic designs.

Tri-Lock

2. SwiveLock®

SwiveLock assures complete safety because it locks your sling into place, ensuring it won't come off until you take it off. A plunger and a knurled sleeve that functions as both a lock and swivel release is the key to the SwiveLock system. When open, the plunger operates against an internal spring to open the gate and release the swivel. Twist the sleeve to the closed position and it locks the plunger to provide added security against accidental opening. Pull the sleeve outward to engage the plunger threads, press the plunger and rotate the gate to open.

Locked Position

Sleeve Opened

Gate Opened

3. Closed Link

Closed link is your first defense that your swivel is locked. Our closed link technology was the first of its kind and started the entire generation of QD Swivels.

Closed Link

Which swivel set is right for you?

Swivels are mounted on pistols, rifles, shotguns and muzzleloaders in a variety of ways. Each swivel set contains all necessary hardware to attach to the fore end and buttstock of the specific firearm for which it is designed.

WOOD SCREW BASES

Nearly all buttstock and many fore end swivels are mounted with wood screw bases.

MACHINE SCREW BASES

Many bolt actions with relatively thick fore ends can accept 7/8" machine screw bases for an extremely strong installation.

MAGNUM BAND BASES™

The easiest way to install swivels on certain magazine tubes and barrels. This is a partial band fore end base that is attached without dismantling gun.

FULL BAND BASES

A sturdy and permanent installation for many tube magazine .22s, lever actions and some Remingtons. Requires dismantling of firearm.

FORE END BOLT BASES

The base assembly replaces the fore end bolt on many Remington rifles including the 760, 742ADL, 742BDL, 7400 and Four.

MAGAZINE CAP BASES

A special adapter for the magazine caps of many pump and auto shotguns. Cap modification required. (Also see QD® Magazine Cap Swivel sets on Page 35)

QD® Super Swivel® With TriLock

- Made with close machining tolerances for a tight fit and silent operation. Can be detached, yet provides positive locking mechanism for safety.
- Made with a three-lock system to offer optimum security against accidental opening.
- 1" and 1 1/4" sizes available.

1" Loops — Blued	Set No. 1403-2
1 1/4" Loops — Blued	Set No. 1403-3
1" Loops — Nickel-Plated	Set No. 1093-2
1 1/4" Loops — Nickel-Plated	Set No. 1093-3

Premier Swivels

- The enhanced safety of our patented Screw-Down Super Swivel with the performance of our government-requested Mil-Spec model.
- Premier Swivel is strong, has a low profile and is silent.
- Fits any of our accessory (or factory-installed) screw-base studs.
- Made to fit any 1" sling.

Set No. 1400-2

MilSpec Swivels

QD SS MIM

Set of two 1 1/4" swivels made to tough military specifications... the new standard in heavy duty swivels! Designed to function under the toughest, most demanding conditions.

Set No. 1402-3

Push Button Detachable

QD 100

Easy to install, and very versatile. Special flush-mount front and rear bases for stud-free profile when sling and swivels are removed. Bases glue in place, no screws required.

Set No. 1011-2 (1")

Swivel/Sling Repair Kit

Now you can make minor repairs and replacements for your customers with this repair kit that includes: wood screws in $\frac{1}{2}$ " and $\frac{3}{4}$ " sizes; $\frac{7}{8}$ " machine screws, hollow screws, hex sockets, Allen wrenches, white spacers, sliders in metal and plastic, and a variety of Chicago screws.

#2525-0

Gun-Tite™

Gun-Tite "welds on" scope mounts, tightens loose or worn screws, anchors swivel bases, etc., but can be easily removed. 6 ml. resealable tube. #1631-0

Hammer Extensions for a Better Grip

Hammer Extensions slip over hammer to make hard-to-reach or hard-to-cock hammers easier to cock. A must for scoped guns with external hammers. Blued steel, knurled surface for easy gripping. Fits most hammer-type guns, either right or left side. (Allen wrench included.) No low wall or high wall designs.

Hammer Extensions

Quality is a hallmark of Uncle Mike's Slings

All Uncle Mike's® slings are engineered for quality and constructed for use by hunters of all abilities. Whether you're looking for that beautifully finished leather sling for your finest firearm, or for the comfort of a padded sling, or the versatility of a sling that carries ammo, Uncle Mike's makes a sling to serve your needs. Please see Page 98 for Merchandising displays.

Experience the tradition of rich leather and suede

Beautifully crafted and finished to complement the finest rifles and shotguns, our leather and suede slings come in a variety of styles:

Leather and Suede Cobra Slings

- Offer a wide shoulder pad for comfort. Flexible enough to cling to your shoulder for secure carry.
- Leather has beautifully tanned top-grain cowhide in a basket-weave pattern, with a suede non-slip lining on upper section.
- Suede offers soft, high-quality suede leather on both sides, with beautiful western stitching that helps it lay flat.

Leather Military Slings and Carry Straps

- Durable leather withstands rugged activity.
- Military has traditional 2-piece construction for accuracy in prone or kneeling position.
- Quickly adjusts to lock rifle against arm and body.
- Leather Strap has a sliding buckle for quick adjustment to carry or use as a hasty sling.

Leather Slings

Padding assures your comfort and the durability of our Ultra sling

Ultra® Slings

This is the traditional Uncle Mike's sling that hunters and shooters have relied upon for decades because of its ruggedness, longevity, quality and comfort.

- Offered in popular camo patterns and black to conceal you in all hunting conditions.
- Stitched, quilted shoulder pad lies flat. A non-slip backing keeps sling on your shoulder.
- Heavy-duty buckles and keepers assure sling stays secure.
- Length: 48" (black model available in 48" and 72").

Mossy Oak® Break Up® #2672-2
Black 48" length #2676-2
Advantage® Wetlands Camo® #2686-2
Realtree® Hardwoods® Green #2690-2

Realtree® Hardwoods® HD® #2688-2
Mossy Oak® Obsession™ #2685-2

Ultra Slings with Sewn-in 1" Swivels

- Length 48".

Mossy Oak Breakup #2672-4
Black #2676-4
Realtree Hardwoods HD #2688-4

Nylon Shotgun Sling

- Loops at both ends to slip over barrel and buttstock to attach without swivels.
- Length 36", width 1".

Black #2678-1
Realtree X-tra Brown #2680-1

Cartridge Slings

These slings have the same durable construction as our padded Ultra Slings, plus they have ingenious elastic carrying loops that hold your bullets or shells for easy access.

- Rifle model carries six bullets vertically to keep tips from protruding past the sling's edge.
- Shotgun model carries 4 shells vertically.
- Non-slip lining. Length 48", width 1".

Rifle Cartridge Sling #2697-2
Shotgun Cartridge Sling #2698-2

All Ultra Slings come with a stretch feature that reduces the felt weight of the gun!
