

LEUPOLD® FX™-II 2.5X20MM ULTRALIGHT RIFLESCOPES

Here's the ideal choice to lighten the load on your dangerous game rifle, lever-action or brush gun... any rifle you use when the action is fast and close. Our FX™-II Ultralight tips the scales at an average 17 percent less weight than its full-size counterpart, with 15 percent less length. But don't be fooled as these scopes are packed with all the features and rugged dependability you expect from Leupold. Multicoat 4®

lens system; 1/4-MOA "click" adjustments for windage and elevation; locking, fast-focus eyepiece; and a smaller diameter objective that provides for lower mounting and faster target acquisition. Whether hunting dangerous game or Alaskan big game, you'll also appreciate the lighter weight (and increased performance) of the FX-II Ultralight. Backed by the Leupold Full Lifetime Guarantee.

LEUPOLD® FX™-II 2.5X20MM ULTRALIGHT RIFLESCOPES SPECIFICATIONS
